Story

One of Temple Bruer's first blends. We have been blending shiraz and malbec for over 30 years, so it made sense to make it Preservative Free!

The fruit was grown in the Riverland on beautiful old vines, around 30 years old, in red mallee loam over limestone soils. 2021 saw a moderately wet spring and early growing season. The conditions in the Riverland were excellent for flowering and fruit set. The later growing season was very cool and dry, which led to slower ripening over the season resulting in natural acidity, concentrated fruit flavour, and fine tannins.
