Story
Our Cabernet Merlot is Temple Bruer's first preservative free wine, and is still our most loved. It was first produced in 1999 as a challenge from Barbara to David Bruer to create delicious, organic, and preservative free wines.
The fruit of this wine benefited from organic cultivation in the warmer climate of Riverland, resulting in early ripening and vibrant fruit flavors. In 2022, we saw high-quality fruit and low to moderate yields with excellent natural acidity from an overall cool vintage.
