Story

The acquisition of our Eden Valley Vineyard in 2012 inspired our first vintage of Preservative Free Pinot Noir in 2013. Eden Valley has sensational pinot noir vines, originally sourced from the Temple Bruer Nursery. The fruit has soft, fine tannins and natural acidity, exceptionally suited to a preservative-free style. Since then, we have cultivated organic pinot noir in our various vineyards so we can have the 'pick of the bunch' for this stunning, flagship wine.
